

**NEW JERSEY TURNPIKE AUTHORITY
NOTICE OF PUBLIC INFORMATION CENTER
NEW JERSEY TURNPIKE
INTERCHANGE 14A IMPROVEMENT PROJECT**

**City of Bayonne and City of Jersey City
HUDSON COUNTY**

A Public Information Center will be held on Thursday, November 6, 2014 from 5:00 p.m. to 8:00 p.m. at the Washington Community School, 191 Avenue B, Bayonne, NJ. to inform all interested stakeholders, including local residents, public officials and the business community of what to expect with the proposed construction of the **New Jersey Turnpike Interchange 14A Improvements in the cities of Bayonne and Jersey City, Hudson County.**

The proposed improvements consist of a widening of the toll plaza from 11 to 13 lanes and significant ramp and roadway improvements between the toll plaza and the local road network, as well as to the ramps between the toll plaza and the Turnpike's Hudson County Extension. The proposed improvements are expected to begin in early 2015 and be completed in 2018.

The Authority will have graphic displays of the proposed improvements available at the Public Information Center, as well as Project Fact Sheets. A brief presentation will be made by the Authority at 6:30 p.m. Authority representatives will be available to explain the Project and answer questions before and after the presentation.
